PROFESSIONAL SUMMARY

A technical specialist with over two years of experience in data-intensive environments, financial operations, and digital workflows. I possess a strong technical background driven by a genuine passion for technology, having actively developed front-end interfaces (Bootstrap, HTML, CSS, JavaScript) for real-world projects in the workplace. This technical proficiency, combined with my sharp attention to detail and ability to quickly adapt to any digital system, makes me a professional who doesn't just complete tasks—but deeply understands and executes them at the highest level of quality in both IT and airline invoicing operations.

TECHNICAL SKILLS

IT & Systems: Highly proficient in computer systems, with a strong ability to rapidly learn and master any new digital platform.

Front-End Development: Proficient in Bootstrap, HTML5, CSS3, and JavaScript, with hands-on experience in developing internal company websites.

Data & Productivity: Advanced user of Microsoft Excel and Google Sheets, experienced in high-volume data processing and analysis.

Airline Invoicing & Finance: Experienced in manual invoice processing, navigating the NDC platform, and preparing accurate financial reports.

Languages: Arabic (Native), English (Basic).
