Ahmed Samir Mostafa Eldeeb

Data Entry & Operations Specialist

+201005137642 | ahmedwork206@gmail.com | Cairo, Egypt

PROFESSIONAL SUMMARY

Results-driven Data Entry and Operations Specialist with strong practical experience in high-volume data environments and financial operations. Adept at high-speed, accurate data processing, alongside a unique ability to leverage modern technology and AI tools to develop operational workflows, automate routine tasks, and support team performance. Proficient in institutional enterprise systems (such as Orgasoft, NDC, and Zoho) ensuring precision and error-free records.

TECHNICAL SKILLS

- **Data Management:** High-speed & high-accuracy data entry, invoice processing and logging, and management of large-scale spreadsheets.
- **Process Automation & AI Tools:** Leveraging AI and rapid development techniques to build custom Chrome Extensions that accelerate workflows, boost productivity, and eliminate manual errors.
- **Enterprise & Business Systems:** Proficient in corporate software including **Orgasoft**, **NDC**, and **Zoho**.
- **Productivity Software:** Advanced proficiency in **Microsoft Excel** and **Google Sheets** (data analysis, reporting, and large dataset handling).
- **Financial Operations:** Manual and electronic invoice auditing, along with precise financial and administrative reporting.
- **Administrative & Leadership:** Training onboarding staff, providing technical support to peers, and managing workflow independently.
- **Languages:** Arabic (Native), English (Basic).

PROFESSIONAL EXPERIENCE

Data Processing & Operations Specialist | Wonder Travel November 2025 – October 2026

- Handled end-to-end flight ticket processing via the **NDC** platform, starting from invoice data verification to executing financial ticket deductions (ledger postings and account balancing) with high speed and zero errors.
- **Key Tech Achievement:** Designed and deployed custom **Chrome Extensions** utilizing AI tools to automate ticket deductions and ledger entries on the NDC platform, significantly saving time and completely eliminating manual errors.

- Built workflow assistance tools to organize operational references, acting as the technical go-to person for the team, onboarding new hires, and troubleshooting daily system challenges.
- Managed a high volume of daily financial transactions independently while strictly adhering to company financial policies and deadlines.

Data Entry & Assistant Accountant September 2023 – October 2025
Egyptian Cosmetics Supply Co.

- Managed accurate data entry and logging of invoices and records using the **Orgasoft** enterprise system.
- **Prepared** detailed financial reports to track expenses and project budgets, enhancing cost control and data-driven decision-making.
- Assisted in planning and executing administrative tasks to ensure all targets and project deadlines were met consistently.

EDUCATION & CERTIFICATIONS

Cairo Institute (CEI) for Journalism and Media Cairo, Egypt
Completed practical training focused on modern file organization and digital technologies, alongside advanced specialized courses in **Microsoft Office** suites.

Modern Association for Computer and Information Technology (2019)

- Certified in Windows operating systems, computer fundamentals, and digital applications.
